INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
of Montcalm County
Stanton, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate discretely presented component units, and the aggregate remaining fund information of Montcalm County, Michigan as of and for the year ended September 30, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Road Commission for Montcalm County, which represents 72% of the assets and 52% of the revenues of the component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us. Our opinion expressed herein, insofar as it relates to the amounts included for the Road Commission, is based solely on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit and the audit of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregate discretely presented component units, and the aggregate remaining fund information of Montcalm County, Michigan as of September 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 19, 2009, on our consideration of Montcalm County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison information, as identified in the table of contents, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Montcalm County's basic financial statements. The accompanying other supplementary information, as identified in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The other supplementary information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Management's Discussion and Analysis

This section of Montcalm County's annual financial report presents our discussion and analysis of the County's financial performance during the fiscal year that ended on September 30, 2008. Please read it in conjunction with the County's financial statements, which follow this section. For discussion and analysis of the financial statements of the Road Commission for Montcalm County and the Mid-Michigan District Health Department, please see their separately issued financial statements.

Financial Highlights

- Governmental Activities Net Assets decreased significantly during the 2008 fiscal year. Net Assets decreased \$1,687,358 to \$6,362,695, a 26.5% decrease. Unrestricted net assets decreased from \$6,904,256 to \$5,184,056, a 33.0% decrease.
- Business-Type Activities Net Assets increased \$10,408,927 to \$10,753,478, a 3.3% increase. Unrestricted Net Assets increased from \$9,615,979 to \$10,753,478.
- Governmental Activities expenses totaled \$18,754,513. \$8,015,556 of those expenses was financed by service charges, contributions, or grants. Tax revenue, revenue sharing, transfers from Business-Type Activities, and other general revenues financed expenses of \$9,085,148.
- The Ambulance Fund expenses totaled \$2,854,653. Service charges and grants financed \$2,097,844 of that amount. The remaining amount was financed by tax revenue, revenue sharing and other general revenue.
- The Delinquent Tax Funds generated service charge revenue of \$834,497. The revenues exceeded expenses by \$339,431, before considering interest earnings generated by the funds.
- The depreciated cost of the governmental capital assets at September 30, 2008 was \$12,911,485.
- The Ambulance Fund generated a positive cash flow of \$307,183 during 2008.
- The Delinquent Tax Funds generated a negative cash flow of \$1,506,779 during 2008.
- Pension Trust Fund net assets decreased \$17,656,930 to \$15,837,226. This was primarily due to the decline in market value.

Overview of the Financial Statements

This annual report consists of four parts - *management's discussion and analysis* (this section), the *basic financial statements*, *required supplementary information*, and an optional section that presents *combining statements* for nonmajor governmental funds and internal service funds. The basic financial statements include two kinds of statements that present different views of the County:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the County's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the County government, reporting the County's operations in *more detail* than the government-wide statements.
- The *governmental funds* statements tell how *general government* services like public safety were financed in the *short term* as well as what remains for future spending.

- Proprietary *fund* statements offer *short-* and *long-term* financial information about the activities the government operates *like businesses*, such as the ambulance service.
- Fiduciary *fund* statements provide information about the financial relationships - like the retirement plan for the County's employees - in which the County acts solely as a *trustee or agent* for the benefit of others, to whom the resources in question belong.

The financial statements also include *notes* that explain some of the information in the financial statements and provide more detailed data. The notes to the financial statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. In addition to these required elements, we have included a section with combining statements that provide details about our nonmajor governmental funds and internal service funds, each of which are added together and presented in single columns in the basic financial statements.

Figure A-1 summarizes the major features of the County's financial statements, including the portion of the County government they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis explains the structure and contents of each of the statements.

Government-wide Statements

The government-wide statements report information about the County as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes all of the government's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the County's *net assets* and how they have changed. Net assets - the difference between the County's assets and liabilities - are one way to measure the County's financial health or *position*.

- Over time, increases or decreases in the County's net assets are an indicator of whether or not its financial health is improving or deteriorating, respectively.
- To assess the overall health of the County you need to consider the additional nonfinancial factors such as changes in the County's property tax base and the condition of the County's infrastructure.

The government-wide financial statements of the County are divided into three categories:

- *Governmental activities* - Most of the County's basic services are included here, such as the Sheriff, courts, public works, and parks department, and general administration. Property taxes, service charges, state and federal grants finance most of these activities.
- *Business-type activities* - The County charges fees to customers to help it cover the costs of certain services it provides. The County's ambulance service is included here.
- *Component units* - The County includes other entities in its reports. Although legally separate, these "component units" are important because the County is financially accountable for them. Examples are the Road Commission, Central Dispatch Authority, Drainage Districts, and the District Health Department.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's most *significant funds* - not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular purposes.

- Some funds are required by State law and by bond covenants.
- The County Board of Commissioners establishes other funds to control and manage money for particular purposes (like Solid Waste) or to show that it is properly using certain taxes and grants (like aid from the Michigan State Housing Development Authority).

The County has three kinds of funds:

- *Governmental funds* - Most of the County's basic services are included in governmental funds, which focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) balances left at year-end that are available for spending. Consequently, the governmental fund statements provide a detailed *short-term* view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information on the subsequent page that explains the relationship (or differences) between them.

- *Proprietary funds* - Services for which the County charges customers a fee are generally reported in proprietary funds. Proprietary funds, like the government-wide statements, provide both long- and short-term financial information.
 - In fact, the County's *enterprise funds* (one type of proprietary fund) are the same as its business-type activities, but provide more detail and additional information, such as cash flows.
 - We use *internal services* (the other kind of proprietary fund) to report activities that provide supplies and services for the County's other programs and activities - such as the County's Office Equipment Pool Fund.
- *Fiduciary funds* - The County is the trustee, or *fiduciary*, for its employees' pension plans. It is also responsible for other assets that - because of a trust arrangement - can be used only for the trust beneficiaries. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the County's fiduciary activities are reported in a separate statement of fiduciary net assets. We exclude these activities from the County's government-wide financial statements because the County cannot use these assets to finance its operations.

Financial Analysis of the County as a Whole

Net assets. The County's combined net assets decreased 7.6% to \$17,116,173 at September 30, 2008. (See Table A-1)

Of the total Current and Other Assets figure of \$17,224,303, \$8,945,573 is Cash or Investments. That represents 52% of the total current assets, down from 52% from the previous year. Of the total cash and investments amount, \$5,525,294 was in the Delinquent Tax Revolving Fund. This figure is down \$1,104,314 from the previous year. The fund's primary purpose is to administer collection and distribution of delinquent real property taxes. Any surplus in the fund is currently pledged to the payment of debt service on new construction indebtedness that began in 2000 and to increased operating costs of a county jail that was expanded and began full operation in 2002. Receivables of \$6,699,636 represent another 39% of the current assets. \$3,005,307, or 45%, of that amount is Delinquent Tax Receivables.

The total depreciated cost of capital assets reported in the governmental activities statement of net assets is \$12,563,506, compared to \$13,331,682 in the previous year. The gross cost of those assets is \$25,474,991, compared to \$25,498,182 at the end of the previous year. The accumulated depreciation on those assets is \$12,911,485, compared to \$12,166,500 at the end of the previous year.

Changes in net assets. The County's net assets decreased by \$1,342,807 (See Table A-2). Governmental activities net assets decreased \$1,687,358. Business-Type activities net assets increased by \$344,551.

In general, an increase in net assets means that current citizens and taxpayers are paying for services being provided today. A decrease in net assets means that current citizens and taxpayers aren't contributing enough to pay for the services they are currently receiving. The allocation of revenues and expenses to the categories displayed in the Statement of Changes in Net Assets can be displayed graphically, as follows:

Financial Analysis of the County's Funds

Governmental Funds

Governmental Funds include the General Fund, Special Revenue Funds (Parks, Commission on Aging, Child Care Fund, etc.), Debt Service Funds, and Capital Project Funds. For the fiscal year ended September 30, 2008, the County's governmental funds reported a total Fund Balance of \$5,865,736. Of that amount, \$4,618,458 was unreserved and undesignated. The unreserved/undesignated Fund Balance decreased \$1,758,930 from its September 30, 2007 level. This change will be examined more closely on an individual fund basis.

General Fund. The total General Fund Balance decreased by \$262,805 to \$2,855,019 at September 30, 2008. The decrease is allocated to the following categories of Fund Balance:

Reserved for Prepayments	\$(12,749)
Unreserved-Undesignated Fund Balance	<u>(250,056)</u>
Total Decrease	\$(262,805)

The reserve for prepayments decreased as the result of payments for workers compensation insurance being paid for before the end of the fiscal year. Expenditures for these items that were paid during the 2008 fiscal year, but benefit periods after the end of the fiscal year, are recorded as prepaid expenditures.

The unreserved-undesignated Fund Balance decreased \$250,056 to \$2,177,389 at September 30, 2008. The year-end unreserved-undesignated Fund Balance figure represents 15% of 2008 General Fund expenditures. The decrease was due to the transfer to Building Official Fund and the increase in Child Care Fund expenditures. The Board of Commissioners also adopted a budget that was conservative in nature so as to protect itself from final results not meeting expectations.

General Fund Revenue was less than the final amended budget by \$607,367. General Fund revenue for 2008 totaled \$14,557,804 vs. \$16,783,826 in 2007, a \$2,226,022 decrease. The following items were the reason for the revenue decrease:

- Property Taxes decreased by 2,313,763 due to the ending of the property tax shift that the County collected an extra 1/3 of property tax for three to offset the loss of revenue sharing..

General Fund Expenditures was less than the final amended budget by \$346,774. General Fund expenditures totaled \$14,820,609 in 2008 vs. \$15,991,072 in 2007, a \$1,170,463 decrease. Decreases to the General Fund was because a transfer to the Revenue Sharing Reserve Fund was not necessary because of not collecting an extra third of property taxes.

Special Revenue Funds. The Special Revenue Funds in total ended the 2008 fiscal year with an unreserved-undesignated Fund Balance of \$1,532,041. All but one of these funds meets the criteria for nonmajor funds for financial reporting purposes. The Fund Balances for each of the individual funds at September 30, 2008 as compared to September 30, 2007 are as follows:

General Fund Budgetary Highlights

Over the course of the year, the Board of Commissioners approved revisions to the County budget several times. These budget amendments primarily fall into three categories:

1. Amendments approved shortly after the beginning of the fiscal year to reflect actual beginning fund balances and to transfer items from the prior year budget to the current year budget that were still in process.
2. Increases in appropriations to approve budget overruns.
3. Amendments after quarterly reviews to revise initial budget estimates.

A comparison of beginning revenue and expenditure budgets to the final budget follows:

Description of Significant Capital Asset and Long-Term Debt Activity

As of the 2008 fiscal year, the County had invested over \$27 million in a broad range of capital assets, including police equipment, buildings, park facilities, and computer equipment. (See Table A-4)

	Governmental	Business
Category	Activities	Type
	Activities	Activities
Land and Land Improvements	\$ 86,822	\$ -
Buildings and Additions	22,642,422	433,270
Equipment and Furniture	2,014,085	549,532
Vehicles	731,662	1,069,659
Total at Historical Cost	\$ 25,474,991	\$ 2,052,461

The depreciated value of the assets in total as of September 30, 2008 for Governmental Activities and Business-Type Activities was \$12,563,506 and \$701,007, respectively. Capital Asset additions totaled \$149,436 for the Governmental Activities and \$164,823 for the Business-Type Activities.

As of September 30, 2008, the County, excluding its component units, had \$12,250,742 in long-term debt outstanding. The most significant single debt issue of the total is the Building Authority Bond issued in September 2000 for the construction of the court and public safety complex. Of the total of \$15.0 million in debt issued, \$2.84 million and the 2005 bond refunding of 9.085 million remains outstanding. Debt related to compensated absences (vacation and sick leave) totaled another \$261,283.

Economic Factors and Next Year's Budget and Rates

- The unemployment rate for the County as of December 2008 was 13.9%. The rate has increased from 11.3% as of January 2008. The State of Michigan's unemployment rate was 10.5% for December 2008.

The County considered these factors in preparing the budget for 2009. The following factors will also affect the County's financial position and operations into the future:

- The State of Michigan's budget problems continue to affect the County's finances. The creation of the revenue sharing reserve fund will be exhausted during the 2009 fiscal year and revenue sharing is slated to return if funded by the State of Michigan.

RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET ASSETS

September 30, 2008

Total fund balance - governmental funds \$ 5,865,736

Amounts reported for the governmental activities in the statement of net assets are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported as assets in the governmental funds.

The cost of capital assets is	\$ 25,474,991	
Accumulated depreciation is	<u>(12,911,485)</u>	
Capital assets, net		12,563,506

Internal Service Funds are used by management to charge the costs of certain activities, such as the and office equipment pool, to individual funds. The assets and liabilities of the Internal Service Funds are included in the governmental activities in the Government-wide Statement of Net Assets.

Office Equipment Pool	16,221	
Post-Retirement Health	<u>140,989</u>	157,210

Governmental funds report the difference between the carrying amount of the defeased debt and its reacquisition price when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Net Assets. These amounts consist of:

Unamortized defeased debt		565,574
---------------------------	--	---------

Long-term receivables are not available to pay for current period expenditures and are therefore deferred in the funds. These consist of:

Deferred revenue		251,350
------------------	--	---------

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

Year Ended September 30, 2008

Net change in fund balances - total governmental funds **\$ (1,607,144)**

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:

Capital outlay	\$ 149,436	
Depreciation expense	<u>(910,612)</u>	
Excess of depreciation expense over capital outlay		(761,176)

In the statement of activities, only the gain or loss on the disposal of the capital assets is reported, whereas in the governmental fund, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the net book value of capital assets disposed of. (7,000)

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenues or expenses from governmental activities accounted for in the Internal Service funds are:

Office Equipment Pool	(6,730)	
Post-Retirement Health	<u>9,023</u>	2,293

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

Change in deferred revenue		(33,550)
----------------------------	--	----------

Repayment of long-term debt and borrowing of long-term debt is reported as expenditures and other financing sources in governmental funds, but the repayment reduces long-term liabilities and the borrowings increase long-term liabilities in the statement of net assets. Also, governmental funds report the effect of the difference between the carrying amount of defeased debt and it reacquisition price when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. In the current year, these amounts consist of:

Amortization of defeased debt	(34,446)	
Bond and loan principal and capital lease retirement	<u>739,391</u>	704,945

Some items reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. These activities consist of:

Decrease in accrued interest payable	14,134	
Decrease in accrued compensated absences	<u>140</u>	<u>14,274</u>

Change in net assets of governmental activities **\$ (1,687,358)**

Montcalm County, Michigan
NOTES TO FINANCIAL STATEMENTS

September 30, 2008

NOTE A: DESCRIPTION OF COUNTY OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The County of Montcalm, Michigan, was incorporated in 1850, and covers an area of approximately 710 square miles with the County seat located in the City of Stanton. The County operates under an elected Board of Commissioners and provides services to its more than 61,000 residents in many areas including law enforcement, administration of justice, community enrichment and development, and human services.

The financial statements of the County have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) as applied to County governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County's more significant accounting policies are described below.

1. Reporting Entity

As required by accounting principles generally accepted in the United States of America; GASB Statement No. 14, *The Financial Reporting Entity* (as amended by GASB Statement No. 39); and *Statement on Michigan Governmental Accounting and Auditing No. 5*, these financial statements present the financial activities of Montcalm County (primary government) and its component units. The component units described in Sections 2 and 3 below should be included in the County's reporting entity because of the significance of their operational or financial relationship with the County. Blended component units, although legally separate entities, are in substance, part of the County's operations, so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County.

2. Blended Component Units

In accordance with the above criteria, the activities of the following Boards, Commissions, and Authorities have been blended in with the County's primary government financial statements:

The Montcalm County Commission on Aging
The Montcalm County Department of Human Services
The Montcalm County Building Authority
The Montcalm County Library Board

Separate reports are not prepared for these Boards, Commissions, and Authorities.

3. Discretely Presented Component Units

These component units are reported in a separate column to emphasize that, while legally separate, Montcalm County remains financially accountable for these entities, or the nature and significance of the relationship between these entities and Montcalm County is such that exclusion of these entities would render the financial statements misleading or incomplete.

The Drainage Districts in the County come under the jurisdiction of the Montcalm County Drain Commissioner. This includes planning, developing, and maintaining surface water drainage systems. A complete file of finance, construction, and maintenance is maintained for each of the drains. The Drain Commissioner has authority to spend up to \$2,500 per mile on drain maintenance and may borrow up to \$300,000 from any source to provide for maintenance of a drain without Board of Commissioner approval and without going through the Local Audit and Finance Division, State of Michigan. The Drain Commissioner has authority to levy special assessments on properties benefiting from maintenance.

3. Discretely Presented Component Units - continued

The County is a member of the Montcalm County Central Dispatch Authority. The Authority is governed by a nine (9) member board. The Authority Board consists of three (3) members appointed by the Montcalm County Board of Commissioners, one (1) member representing the Montcalm Township Association, and two (2) members from the City of Greenville. The three (3) statutory representatives are appointed by the Sheriff, the Fire Chief, and the Michigan State Police. The Authority has responsibility for preparing the annual budget (which is approved by the County) and to carry out all activities of the Authority.

The Authority's intent is to support and operate central dispatch services primarily with funds generated from operations (i.e., telephone surcharge fees). Any required local contributions would be calculated based on a pro rated scale, which takes into account the impact and use of the system for each participating unit.

The financial activities of the Montcalm County Central Dispatch Authority are reported in the County's audited financial statements as a discretely presented component unit due to the County being responsible for the receipt and disbursement of the Authority's funds.

The Road Commission for Montcalm County is responsible for the maintenance and construction of the County road system. The Road Commission operations are financed primarily from the State distribution of gas and weight taxes, Federal financial assistance, and contributions from other local government units within the County. The three (3) Board Members of the Road Commission are elected by the people of Montcalm County. This component unit is audited individually and complete financial statements may be obtained from the Road Commission's administrative office located at 619 West Main Street, Stanton, Michigan 48888.

4. Joint Venture

The County participates in the following activity which is considered to be a joint venture in relation to the County due to the formation of an organization by contractual agreement between two (2) or more participants that maintain joint control, financial interest, and financial responsibility.

Mid-Michigan District Health Department - The County is a member of the Mid-Michigan District Health Department, which is a joint venture between Montcalm, Clinton, and Gratiot counties. Each unit appoints two (2) of the six (6) members to the governing Board. The Department has responsibility for preparing the annual budget (which is approved by each County) and to carry out all activities of the Department.

Montcalm County is responsible to fund 39% of the required local contribution to cover operational costs. For the year ended September 30, 2008, the County contributed \$489,134 to cover its share of operational costs. In addition, the treasury function for the Mid-Michigan District Health Department rests with the Montcalm County Treasurer. For this reason the District Health Department is a discretely presented component unit in the Montcalm County Financial Statements as required by accounting principles generally accepted in the United States of America.

The financial activities of the Mid-Michigan District Health Department are accounted for and reported separately from the participating units. Separate audited financial statements for their year ended September 30, 2008, are available at the Department's administrative offices. As of September 30, 2008, the Department had net assets of \$1,110,975.

5. Related Organizations

The County participates in the following activity which is considered to be a related organization in relation to the County due to the County appointing all of the Board Members of the organization. There is no ongoing day-to-day financial interest or responsibility, but the County does sign the grant agreements and would be liable for questioned costs in excess of Commission resources.

Montcalm Center for Behavioral Health - Mental Health Authority - The County appoints all of the twelve (12) Board members. The County does not have an ongoing day-to-day financial interest or responsibility for the Board.

Statement on Michigan Governmental Accounting and Auditing No. 5 allows, because the Authority is legally separate and fiscally independent, for the Authority's financial information to be presented within the County's notes to the financial statements only, instead of in the body of the financial statements. The following financial information was obtained from the most recent audited financial statements available of the Board for their year ended September 30, 2008. A copy of the financial statements is available at the Board's administrative offices. As of September 30, 2008, the Board had total assets of \$2,507,336; total liabilities of \$929,458; and total net assets of \$1,577,878. For year ended September 30, 2008, the Board had total revenues of \$8,215,116; total expenditures of \$7,990,487; and a net increase in net assets of \$224,629.

Montcalm County Housing Commission - The County appoints all of the five (5) Commission members. The County does not have an ongoing day-to-day financial interest or responsibility for the Commission and does not approve or sign the Commission's annual grant agreement with the U.S. Department of Housing and Urban Development (HUD). The Commission operates a low income housing project within the County which is subsidized by HUD in accordance with the U.S. Housing Act of 1937 and is regulated by the Department of HUD.

Statement on Michigan Governmental Accounting and Auditing No. 5 allows, because the Commission is legally separate and fiscally independent, for the Commission's financial information to be presented within the County's notes to the financial statements only, instead of in the body of the financial statements. The following financial information was obtained from the most recent audited financial statements available of the Commission for their year ended December 31, 2007. A copy of the financial statements is available at the Commission's administrative offices. As of December 31, 2007, the Commission had total assets of \$1,499,089; total liabilities of \$31,416, and total net assets of \$1,467,673. For the year ended December 31, 2007, the Commission had total revenues of \$1,242,384; total expenses of \$1,069,680; and a net increase in net assets of \$172,704.

6. Jointly Governed Organizations

The County participates in the following activities which are considered to be jointly governed organizations in relation to the County due to there being no ongoing financial interest or responsibility.

West Michigan Regional Planning Commission - Montcalm County, in conjunction with 10 other Counties, has entered into an agreement which created the West Michigan Regional Planning Commission. This organization's Board is composed of 20 members, of which two (2) are appointed by Montcalm County. The County's financial responsibility is to contribute a pro rata share of "local match" funds based on the proportion of State equalized valuation. For the year ended September 30, 2008 the County's contribution to the Commission was \$17,317.

Central Area Michigan Works Consortium - Montcalm County, in conjunction with three (3) other Counties, has entered into an agreement which created the Central Area Michigan Works Consortium. This organization's Board is composed of eight (8) members, of which two (2) are appointed by Montcalm County. The organization receives all of its funding from State and Federal grants and, as a result, the County has no financial responsibility other than potential liability related to appropriate use of the funds.

7. Basis of Presentation

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The statement of net assets and the statement of activities (the government-wide statements) present information for the primary government and its component units as a whole. All non-fiduciary activities of the primary government are included (i.e., fiduciary fund activities are not included in the government-wide statements). For the most part, interfund activity has been eliminated in the preparation of these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities presents the direct functional expenses of the primary government and its component units and the program revenues that support them. Direct expenses are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues are associated with specific functions and include charges to recipients of goods or services and grants and contributions that are restricted to meeting the operational or capital requirements of that function. Revenues that are not required to be presented as program revenues are general revenues. This includes all taxes, interest, and unrestricted State revenue sharing payments and other general revenues and shows how governmental functions are either self-financing or supported by general revenues.

FUND FINANCIAL STATEMENTS

The fund financial statements present the County's individual major funds and aggregated nonmajor funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The major funds of the County are:

- a. The General Fund is the County's primary operating fund. It accounts for all financial resources of the general government except for those that are required to be accounted for in another fund.
- b. The Revenue Sharing Reserve Fund was established to account for the shift of State Revenue Sharing dollars from State to local funding.
- c. The Ambulance Fund is used to report ambulance services which are financed primarily by user charges or activities where periodic measurement of net income is appropriate for capital maintenance, public policy, management control, or other purposes.
- d. The Delinquent Tax Revolving Fund accounts for money advanced by the County to other local taxing units and various county funds to pay for their delinquent taxes. Revenues are generated by the collection of the delinquent taxes, penalties, and interest.

8. Measurement Focus

The government-wide, proprietary, and pension trust fund financial statements are presented using the economic resources measurement focus, similar to that used by business enterprises or not-for-profit organizations. Because another measurement focus is used in the governmental fund financial statements, reconciliations to the government-wide statements are provided that explain the differences in detail.

NOTES TO FINANCIAL STATEMENTS

September 30, 2008

NOTE A: DESCRIPTION OF COUNTY OPERATIONS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

8. Measurement Focus - continued

All governmental funds are presented using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

There is no measurement focus for fiduciary agency funds since assets equal liabilities.

9. Basis of Accounting

Basis of accounting refers to when revenues and expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made regardless of the measurement focus applied.

All governmental and agency funds are accounted for using the modified accrual basis of accounting. Under this method, revenues are recognized when they become susceptible to accrual (when they become both "measurable" and "available to finance expenditures of the current period"). The length of time used for "available" for purposes of revenue recognition in the governmental fund financial statements is 60 days. Revenues that are considered measurable but not available are recorded as a receivable and deferred revenue. Significant revenues susceptible to accrual are property taxes, special assessments, and certain intergovernmental revenues. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for interest on long-term debt which is recorded when due.

All proprietary and similar trust funds are accounted for using the accrual basis of accounting. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred.

Private-sector standards of accounting and financial reporting issued to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Enterprise Funds are charges to customers for sales and services. Operating expenses for enterprise funds include the costs of sales and services, administrative expenses, and other costs of running the activity. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. If/when both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

10. Cash and Cash Equivalents

The County pools cash resources of various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balances in the pooled cash accounts are available to meet current operating requirements. Cash in excess of current requirements is invested in various interest bearing securities and disclosed as part of the County's investments. Cash equivalents consist of temporary investments in certificates of deposit with an original maturity of 90 days or less, and mutual funds.

11. Restricted Investments

A portion of the investment of the Road Commission (Component Unit) is classified as restricted investment because their use is limited. The Road Commission's investment restriction consists of \$170,645 for road improvements.

12. Investments

Investments during the year consisted of Pension Fund securities, commercial paper, certificates of deposit and U.S. Government Securities with original maturities of greater than 90 days. Investments are recorded at market value in accordance with GASB 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*.

13. Receivables

Receivables consist of amount due from governmental units for various financial assistance programs and accounts receivable related to charges for services.

14. Prepayments

Prepayments consist of certain insurance premiums and other expenditures representing costs applicable to future periods. These prepayments recorded in the governmental fund types do not reflect current expendable resources and, therefore, an equal portion of fund balance is reserved.

15. Inventories

Inventory of the Road Commission (component unit) consist of various operating parts, supplies, and road material, and the cost is recognized using the consumption method (inventories recorded as expenditures when they are used). Inventories are priced at cost as determined on the average cost valuation method.

Inventory of the District Health Department (component unit) consists of vaccines received from the State of Michigan. Inventories are stated at cost on a first in/first out basis. Vaccine inventory received from the State of Michigan that is on hand at year-end has been reported as unearned revenue.

16. Capital Assets

PRIMARY GOVERNMENT AND COMPONENT UNIT - DRAINAGE DISTRICTS

Capital assets include land, buildings, equipment, and vehicles and are recorded (net of accumulated depreciation, if applicable) in the government-wide financial statements under the governmental activities and component unit columns. Capital assets are those with an initial individual cost of \$5,000 or more and an estimated useful life of more than one year. Capital assets are not recorded in the governmental funds. Instead, capital acquisition and construction are reflected as expenditures in governmental funds, and the related assets are reported in the government-wide financial statements. All purchased capital assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Depreciation is computed using the straight-line method over the following useful lives:

Buildings and improvements	5 - 50 years
Equipment and furniture	4 - 20 years
Vehicles	4 - 10 years
Drain infrastructure	10 - 50 years

16. Capital Assets - continued

COMPONENT UNIT - DISTRICT HEALTH DEPARTMENT

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g. roads, bridges, and similar items) are reported in the government-wide financial statements. Capital assets are defined by Montcalm County Road Commission as assets with an initial individual cost of more than \$1,500 and an estimated useful life in excess of five years. However, all equipment items (regardless of purchase price or useful life) that have a Schedule C code and rate (Michigan Department of Transportation's "Equipment Rental Rates" report) are capitalized. Such assets are recorded at historical costs or estimated historical cost of purchase or construction. Donated capital assets are recorded at estimated fair market value at the date of donation.

Capital assets include equipment and land improvements and are recorded (net of accumulated depreciation, if applicable) in the government-wide financial statements. Equipment	5 - 20 years
-----------	--------------

The Department has no assets that would be classified as infrastructure assets.

COMPONENT UNIT - ROAD COMMISSION

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, bridges and similar items) are reported in the government-wide financial statements. Capital assets are defined by Montcalm County Road Commission as assets with an initial individual cost of more than \$1,500 and an estimated useful life in excess of five years. Such assets are recorded at historical costs or estimated historical cost of purchase or construction. Donated capital assets are recorded at estimated fair market value at the date of donation.

Depreciation is computed on the sum-of-the-years'-digits method for road equipment and straight-line method for all other capital assets. The depreciation rates are designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings	30 - 50 years
Road Equipment	5 - 8 years
Shop Equipment	10 years
Engineering Equipment	4 - 10 years
Office Equipment	4 - 10 years
Infrastructure - Roads	8 - 30 years

17. Deferred and Unearned Revenue

Deferred revenue consists of amounts related to long-term receivables recorded at the fund level that are not available to finance current period expenditures or amounts that have been received but have not been earned.

The Statement of Net Assets reports unearned revenue for resources that have been received but not yet earned.

18. Long-Term Obligations

Long-term debt and other long-term obligations are recognized as a liability in the government-wide financial statements and proprietary fund types when incurred. The portion of those liabilities expected to be paid within the next year is a current liability with the remaining amounts shown as long-term.

Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated in a Debt Service Fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

19. Treatment Rights

Little Whitefish Lake (Component Unit) Fund has contracted with Big Whitefish Lake (Component Unit) Fund for the right to distribute wastewater through the sewer system to the Big Whitefish Lake treatment plant and for the treatment of its wastewater.

These rights are being amortized over the period of the related contract.

20. Advances to Other Funds/Governmental Units

Long-term advances from some funds to other funds/component units are made to finance new activities during their initial operations, to finance the purchase of real property taxes receivable from the municipalities within the County, and to finance capital acquisitions. The applicable fund balance is reserved for such advances to reflect the amount of fund balance not currently available for expenditure within the governmental funds.

21. Accrued Compensated Absences

In accordance with the County personnel policies and/or contracts negotiated with the various employee groups of the County, individual employees have vested rights upon termination of employment to receive payment for unused vacation and sick leave under formulas and conditions specified in the respective personnel policies and/or contracts.

Vested vacation and sick leave earned as of September 30, 2008, including related payroll taxes, is recorded in the government-wide financial statements.

Vested vacation and sick leave earned as of September 30, 2008, for the District Health Department and Road Commission (component units) is recorded in the respective component unit's government-wide financial statements.

22. Interfund Transactions

During the course of normal operations, the County has numerous transactions between funds and component units, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying financial statements generally reflect such transactions as operating transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

Internal Service Funds are used to record charges for services to all County departments and funds as charges for services. All County funds record these payments to the Internal Service Funds as operating expenditures/expenses.

23. Budgets and Budgetary Accounting

Budgets are adopted for the General and Special Revenue Funds and are prepared on a basis consistent with the modified accrual basis used to reflect actual results. The County employs the following procedures in establishing the budgetary data reflected in the financial statements:

- a. Prior to July 1, the County departments, in conjunction with the Controller's office, prepare and submit their proposed operating budgets to the Finance Committee for the fiscal year commencing the following October 1. The operating budgets include proposed expenditures and resources to finance them.
- b. A Public Hearing is held to obtain taxpayers' comments.
- c. Prior to September 30, the budgets are legally enacted through passage of an annual budget resolution.
- d. The budgets are legally adopted at the activity level for the General Fund and the fund level for the Special Revenue fund. Budgetary transfers between funds and amendments to total fund budgets are not permitted without Board approval. For control purposes, all funds' budgets are maintained at the activity and account level. The Board must preapprove transfers of budget amounts between accounts.
- e. The County does not employ encumbrance accounting as an extension of formal budgetary integration in the governmental funds. All unexpended appropriations lapse at year-end.
- f. Budgeted amounts are reported as originally adopted or as amended by the Board of Commissioners during the year. Individual amendments were not material in relation to the original appropriations which were adopted.

24. Comparative Data

Comparative data for the prior year has not been presented in the accompanying financial statements since the inclusion of comparative data would make the statements unduly complex and difficult to read.

25. Federal Programs

Federal Programs are accounted for in the funds to which the programs pertain. The County has not integrated its Single Audit Reports and financial data as part of the financial statements. The Single Audit reports and financial data will be issued under separate cover as supplementary information to the basic financial statements.

NOTE B: POOLING OF CASH AND INVESTMENTS

The County's balance sheet reflects cash and investments with a negative balance. These amounts do not represent actual bank overdrafts; rather, they merely reflect that specific funds have disbursed amounts from the County's common checking account in excess of the amount recorded as an asset. In total, the bank account has a positive balance.

Cash disbursed in excess of amounts recorded as assets as of September 30, 2008, are as follows:

NOTE C: CASH, CASH EQUIVALENTS, AND INVESTMENTS

The County utilizes various pooled cash accounts and investments for approximately 50 funds. The County's pooled cash and investments consist of a common checking account, savings, treasury notes, and mutual funds.

The County's pooled cash and investments are utilized by the General Fund, Special Revenue Funds, Capital Project Funds, Enterprise Funds, Internal Service Funds (except for the Delinquent Tax Revolving Funds), Trust and Agency Funds, and Component Unit Funds. Each fund's portion of these pooled accounts is included in the cash and cash equivalents caption on the financial statements.

The other funds of the County utilize separate savings and interest bearing checking accounts. In addition, certificates of deposit and mutual funds are separately held by several of the County's funds.

In accordance with Michigan Compiled Laws, the County is authorized to invest in the following investment vehicles:

- a. Bonds, securities, and other obligations of the United States or an agency or instrumentality of the United States.

NOTES TO FINANCIAL STATEMENTS

NOTE C: CASH, CASH EQUIVALENTS, AND INVESTMENTS - CONTINUED

- b. Certificates of deposit, savings accounts, deposit accounts, or depository receipts of a State or nationally chartered bank or a State or Federally chartered savings and loan association, savings bank, or credit union whose deposits are insured by an agency of the United States government and which maintains a principal office or branch office located in this State under the laws of the State or the United States, but only if the bank, savings and loan association, savings bank, or credit union is eligible to be a depository of surplus funds belong to the State under Section 5 or 6 of Act No. 105 of the Public Acts of 1855, as amended, being Section 21.145 and 21.146 of the Michigan Compiled Laws.
- c. Commercial paper rated at the time of purchase within the three (3) highest classifications established by not less than two (2) standard rating services and which matures not more than 270 days after the date of purchase.
- d. The United States government or federal agency obligations repurchase agreements.
- e. Bankers' acceptances of United States banks.
- f. Mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

Federal Deposit Insurance Corporation (FDIC), Federal Savings and Loan Insurance Corporation (FSLIC), and the National Credit Union Administration (NCUA) regulations provide that deposits of governmental units are to be separately insured for the amount of \$100,000 for deposits in an insured bank for savings deposits, and \$100,000 for demand deposits. Furthermore, if specific deposits are regulated by statute or bond indenture, these specific deposits are to be separately insured for the amount of \$100,000. Michigan Compiled Laws allow for collateralization of government deposits, if the assets for pledging are acceptable to the State Treasurer under Section 3 of 1855 PA 105, MCL 21.143, to secure deposits of State surplus funds, securities issued by the Federal Loan Mortgage Corporation, Federal National Mortgage Association, or Government National Mortgage Association.

Deposits of the County are at federally insured banks located in the State of Michigan with all accounts maintained in the name of the County. As of September 30, 2008, the primary government and component unit accounts were insured by the FDIC for \$378,399 and the amount of \$9,648,341 was uninsured and uncollateralized.

Due to significantly higher cash flow at certain periods during the current period, the amount the County held as cash and cash equivalents increased significantly. As a result, the amount of uninsured and uncollateralized cash and cash equivalents were substantially higher at these peak periods than at September 30, 2008.

The pension investments in U.S. Treasury Notes and other Governmental Securities, corporate bonds and notes, common stock, and guaranteed annuity contracts are insured or registered for which the applicable securities are held by the Macatawa Bank, and Raymond James Financial Services, Inc.

The County has investments purchased for the County employee's Pension Trust Fund through three (3) banks. Michigan Compiled Law, Section 38.1121, authorizes the County to invest pension assets in a wide variety of investments including: stocks, bonds, certificates of deposit, real estate, annuity contracts, obligations of a specified nature, and real or personal property. Specific limitations apply to the various investment types. As of September 30, 2008, the market value, which is the carrying amount of the pension trust plan assets were \$15,609,606.

Credit Risk

State law limits investments in certain types of investments to a prime or better rating issued by nationally recognized statistical rating organizations (NRSRO's). As of September 30, 2008, rating information on the County's investments is presented above.

Interest rate risk

The County will minimize interest rate risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operating funds primarily in shorter-term securities, liquid asset funds, money market, mutual funds, or similar investment pools and limiting the average maturity in accordance with the County's cash requirements.

NOTE C: CASH, CASH EQUIVALENTS, AND INVESTMENTS - CONTINUED

Concentration of credit risk

The County will minimize concentration of credit risk, which is the risk of loss attributed to the magnitude of the County's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

Custodial credit risk

The County will minimize custodial credit risk, which is the risk of loss due to the failure of the security issuer or backer by:

- Limiting investments to the types of securities listed in this investment policy.
- Pre-qualifying the financial institutions, brokers/dealers, intermediaries and advisors with which the County will do business in accordance with this investment policy.

The cash and cash equivalents and investments referred to above have been reported in either the cash and cash equivalents or investments captions on the financial statements, based upon criteria disclosed in Note A. The following summarizes the categorization of these amounts as of September 30, 2008:

NOTE H: LONG-TERM DEBT - CONTINUED

PRIMARY GOVERNMENT

Direct County Obligations

The Montcalm County Board of Commissioners is party to a long-term lease agreement for rental of the Montcalm Center for Behavioral Health facility from the Montcalm County Building Authority. The lease agreements stipulate that the annual rentals be paid by the County to the Building Authority in amounts sufficient to meet the annual principal and interest on bonds, which shall be pledged exclusively for that purpose. When all debt has been retired for the buildings, the rentals will cease, title to the buildings will be transferred to the County, and any cash balances remaining with the Building Authority will be returned to the County.

The Montcalm County Board of Commissioners is also party to six (6) long-term loan agreements. The proceeds of these loans were used to defray the cost of capital acquisition and construction.

Bonds and loans payable at September 30, 2008 are as follows:

\$15,000,000 Montcalm County Building Authority - Jail Expansion Bonds Series 2000, dated September 1, 2000, due in annual installments ranging from \$270,000 to \$560,000 through May 1, 2014, with interest ranging from 5 to 5.125 percent, payable semi-annually.	\$ 2,840,000

\$275,000 Capital Improvement Bonds, dated July 28, 2006, due in annual installments of \$55,000 through November 1, 2011 with interest ranging from 4.00 percent to 4.15 percent, payable semi-annually.	<u>220,000</u>
	<u>\$12,555,033</u>

Compensated Absences

In accordance with County personnel policies and/or contracts negotiated with various employee groups of the County, individual employees have vested rights upon termination of employment to receive payment for unused vacation and sick leave under formulas and conditions specified in their respective personnel policies and/or contracts. The dollar amount of these vested rights, including related payroll taxes, amounted to \$185,127 and \$76,156 for vacation and sick, respectively, at September 30, 2008. Of the total liability of \$261,283, \$150,268 has been reported as a current liability and \$111,015 has been reported as a noncurrent liability.

NOTE I: EMPLOYEE RETIREMENT SYSTEMS

RETIREMENT SYSTEM - COUNTY GENERAL

Montcalm County is in a combined County single employer defined-benefit pension plan covering substantially all of its employees. The plan is administered by the Montcalm County Controller/Administrator and the County Pension Trust Committee. The plan is funded through the purchase of various investment vehicles as described in Note C. To be eligible for the plan, an employee must be a regular full-time employee who is not employed on a contract or fee basis with the County, provided such employee is not eligible for coverage, by reason of compensation received from the County, under any pension plan or retirement system other than that provided by the Social Security Act. The County's contributions for the year ended September 30, 2008, and 2007, were based on the payroll for employees covered by the plan for the year ending December 31, 2008 and 2007. The covered payroll for 2008 and 2007 was \$5,692,579 and \$5,581,076, respectively. The total payroll for the year ended September 30, 2008, and 2007, for the County General employees was \$9,221,975 and \$8,900,402, respectively. The plan provides retirement benefits, as well as death and disability benefits in accordance with benefit provisions as adopted by the Montcalm County Board of Commissioners Retirement benefits are based on service and compensation and vested after five (5) years of service. At December 31, 2008, membership consisted of 83 retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them and 142 current active employees. The plan is recorded as a Pension Trust Fund in the County financial statements and is accounted for on the accrual basis of accounting.

The obligation to contribute to and maintain the plan for covered employees was established in the County of Montcalm Pension Plan, as amended July 3, 1997, and requires the following employee contributions:

<u>Employee Group</u>	<u>Contribution Rate</u>
Fraternal Order of Police	6.87%
Employees not covered by any collective bargaining agreement and County General employees in Unit 1 - AFSCME prior to 7/6/97	5.0
 <u>Period</u>	
On or after 7/6/97 and before 1/3/98	4.5%
On or after 1/4/98 but before 1/2/99	4.0
On or after 1/3/99	3.5
 <u>Employee Group</u>	
Probate/Juvenile Court employees of Unit 2 - AFSCME 64B District Court employees of Unit 3 - AFSCME	
 <u>Period</u>

On or before 1/4/98 but before 1/2/99	4.0
On or after 1/3/99	3.5

The funding policy provides for periodic employer contributions at actuarially determined rates. Administrative costs of the plan are financed through investment earnings. The actuarially determined combined employer and employee contributions for the plan year ended December 31, 2007, were \$508,261 and actual contributions were \$618,796. The actual employer contribution for the year ended September 30, 2008, was \$316,879. Employee contributions for the year ended September 30, 2008, were \$345,632.

The County also provides pension benefits for substantially all permanent, full and part time, non-union and union employees through a defined contribution plan, which was established by the Board of Commissioners and may be amended from time to time by the Board. This plan is administered by Michigan Municipal Employees Retirement System. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The County contributes 5% of each participant's earnings to the plan. Employees are required to contribute 3.5% of their wages. The County's contributions are vested at a rate of 33% after one (1) year of service and an additional 33% per year for each year thereafter with full vesting after three (3) years of continuous service.

During the year ended September 30, 2008, the contributions to the plan by employer and employee were \$160,597 and \$112,418, respectively.

RETIREMENT SYSTEM - COMPONENT UNIT - DISTRICT HEALTH DEPARTMENT

Plan Description

The Department participates in the Michigan Municipal Employees Retirement System, an agent multiple-employer defined benefit pension plan that covers all eligible full-time employees of the Department. The system provides retirement, disability, and death benefits to plan members and their beneficiaries. The Michigan Municipal Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to the System at 1134 Municipal Way, Lansing, Michigan 48917.

Funding Policy

The obligation to contribute to and maintain the system for these employees was established by the Board of Public Health. The plan requires a contribution from the employees ranging from 0-2.75 percent of wages depending on the employee group covered. The Department is required to contribute the remaining amounts necessary to fund the system.

Annual Pension Cost

For the year ended September 30, 2008, the Department's annual pension cost of \$223,376 for the plan was equal to the Department's required and actual contribution. The estimated annual required contribution was determined as part of an actuarial valuation at December 31, 2006, using the entry actual age cost method. Actual required contributions are based on actual reported monthly payroll. Significant actuarial assumptions used include (a) a 8.00 percent investment rate of return (b) projected salary increases of 4.5 percent per year compounded annually, attributable to inflation (c) additional salary increases ranging from 0% to 8.4% per year depending on age, seniority and merit, and (d) assumption benefits will increase 2.5% per year after retirement. The actuarial value of assets was determined using techniques that smooth the effects of short-term volatility over a five (5) year period. The unfunded actuarial liability is being amortized as a level percentage of payroll contributions over 30 years.

NOTE I: EMPLOYEE RETIREMENT SYSTEMS - CONTINUED

RETIREMENT SYSTEM - COMPONENT UNIT - ROAD COMMISSION

Description of Plan and Plan Assets

The Road Commission for Montcalm County is in an agent multiple-employer defined benefit pension plan with the Municipal Employees' Retirement System (MERS). The system provides the following provisions: Normal retirement, deferred retirement, service retirement allowance, disability retirement allowance, nonduty-connected death allowance, duty-connected death allowance, post-retirement adjustments, and death-after-retirement surviving spouse benefit. The service requirement is computed using credited service at the time of termination of membership multiplied by the sum of 2.0% of the final average compensation (FAC). The service requirement for salaried employees and commissioners is under the B-4 provision of the retirement contract. This requirement is computed using the same criteria as the B-2 provisions except a sum of 2.5% of the FAC is used. The most recent period for which actuarial data was available was for the fiscal year ended December 31, 2007.

MERS was organized pursuant to Section 12a of Public Act 156 of 1851 (MSA 5.333 (a); MCLA 46.12 (a)), as amended, State of Michigan. MERS is regulated under Public Act 220 of 1996, as amended. MERS issues a publicly available financial report that includes financial statements and required supplementary information for the system. That report may be obtained by writing to MERS at 1134 Municipal Way, Lansing, Michigan, 48917.

Funding Policy

The obligation to contribute to and maintain the system for these employees was established by negotiation with the Road Commission's competitive bargaining units and requires a 1.5% contribution from general employees and a 3.5% contribution from salaried employees and commissioners. The employees contributed \$40,626 during the calendar year ended December 31, 2007. The Road Commission is required to contribute at an actuarially determined rate; the rate was 13.04% for general employees and 25.53% for the manager for the calendar year ending December 31, 2007.

Annual Pension Cost

For the year ended December 31, 2007, the Road Commission's annual pension cost was \$433,737. The employer contribution rate has been determined based on the entry age normal funding method. Under the entry age normal cost funding method, the total employer contribution is comprised of the normal cost plus the level annual percentage of payroll payment required to amortize the unfunded actuarial accrued liability over 30 years. The employer normal cost is, for each employee, the level percentage of payroll contribution (from entry age to retirement) required to accumulate sufficient assets at the member's retirement to pay for his projected benefit. Significant actuarial assumptions used include a long-term investment yield rate of 8 percent and annual salary increases of 4.5 percent based on an age-related scale to reflect merit, longevity and promotional salary increases.

NOTE J: POST-EMPLOYMENT BENEFITS

UPCOMING REPORTING CHANGE

The Governmental Accounting Standards Board has recently released Statement Number 45, *Accounting and Reporting By Employers for Postemployment Benefits Other Than Pensions*. The new pronouncement provides guidance for local units of government in recognizing the cost of retiree health care, as well as any "other" postemployment benefits (other than pensions). The new rules will cause the financial statements to recognize the cost of providing retiree health care coverage over the working life of the employee, rather than at the time the health care premiums are paid. The new pronouncement is effective for the year ending September 30, 2009.

Road Commission (Component Unit)

Road Commission for Montcalm County provides post-employment health care benefits, in accordance with the labor contract and personnel policy, to all employees who retire from the Road Commission. The employer will pay all costs for health and vision insurance and prescription drugs, including spouse, for all vested employees who retire at age 60. The employer continues to pay the premiums until age 65. At age 65, retirees must reimburse the employer for the cost of insurance. For employees choosing to retire at age 55 with at least 15 years of service during an open window period, the Road Commission will pay ½ of the retiree's/spouse's monthly health insurance premium until the retiree turns age 60. The Road Commission pays 100% of the retiree's health insurance premium from age 60-65.

Currently, 28 retirees meet those eligibility requirements. Expenditures for post-employment health care benefits are recognized when insurance premiums are paid. Premiums paid by the Road Commission for the fiscal year ending September 30, 2008, totaled \$101,732. The expenditures are recognized as the insurance premiums become due on a pay-as-you-go-basis.

NOTE K: FEDERAL GRANTS

The Michigan Department of Transportation (MDOT) requires that road commissions report all Federal and State grants pertaining to their county. During the fiscal year ended September 30, 2008, the Federal aid received and expended by the Road Commission was \$570,538 for contracted projects and \$0 for negotiated projects. Contracted projects are defined as projects performed by private contractors paid for and administered by MDOT. The contracted Federal projects are not subject to single audit requirements by the road commissions, as they are included in MDOT's single audit. Negotiated projects are defined as projects performed by Road Commission employees or private contractors paid for and administered by the Road Commission.

NOTES TO FINANCIAL STATEMENTS

September 30, 2008

NOTE L: RISK MANAGEMENT

The County participates in a pool, the Michigan Municipal Liability and Property Pool, with other municipalities for auto, property, electronic data processing equipment, crime, employee benefits, officials' errors and omissions, and liability losses. The pool is organized under Public Act 138 of 1982, as amended. In the event the pool's claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific pool's policy year may be subject to special assessment to make up the deficiency. The County has not been informed of any special assessments being required.

The County also participates in a pool, the Michigan Workers' Compensation Fund, with other municipalities for workers' compensation losses. The pool is organized under Public Act 317 of 1969, as amended. In the event the pool's claims and expenses for a policy year exceed the total normal annual premiums for said years, all members of the specific pool's policy year may be subject to special assessment to make up the deficiency. The County has not been informed of any special assessments being required.

Road Commission (Component Unit)

The Road Commission is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries, as well as medical benefits provided to employees. The Road Commission has purchased commercial insurance for medical benefits' claims other than dental and participates in the Michigan County Road Commission Self-Insurance Pool for claims relating to general liability, excess liability, auto liability, trunkline liability, error and omissions, physical damage (equipment, buildings and contents) and workers' compensation. Settled claims for the commercial insurance have not exceeded the amount of insurance coverage in any of the past three years.

The county road commissions in the State of Michigan established and created a trust fund, known as the Michigan County Road commission Self-Insurance Pool (Pool) pursuant to the provisions of Public Act 138 of 1982. The Pool is to provide for joint and cooperative action relative to members' financial and administrative resources for the purpose of providing risk management services along with property and liability protection. Membership is restricted to road commissions and related road commission activities with the State. The Montcalm County Road Commission became a charter member in 1982.

The Michigan County Road Commission Self-Insurance Pool program operates as a common risk-sharing management program for road commissions in Michigan; member premiums are used to purchase excess insurance coverage and to pay member claims in excess of deductible amounts. If for any reason the Pool's resources available to pay losses are depleted, the payment of all unpaid losses of the member is the sole obligation of the member.

Dental claims are paid by the Road Commission to the employee up to a maximum per household. Benefits lapse at year end.

NOTE M: PROPERTY TAXES AND TAXES RECEIVABLE

The County property tax is levied each December 1 and July 1 on the taxable valuation of property located in the County as of the preceding December 31.

The County's Winter 2007 and Summer 2008 ad valorem taxes were levied and collectible on December 1, 2007, and July 1, 2008, respectively. It is the County's policy to recognize revenues from the tax levy in the year when the proceeds of the levy are budgeted and made available for the financing of County operations. As a result, the County's Winter 2007 and Summer 2008 tax levies have been recognized as revenue in the current fiscal year. The 2007 taxable value of Montcalm County amounted to \$1,571,833,522 on which ad valorem taxes levied for County general operating purposes consisted of 4.4082 mills for Summer 2008. For the year ended September 30, 2008, the County levied 0.2433 mills for the Commission on Aging, 0.4959 mills for Ambulance Services, 0.4407 mills for the library, and 0.0200 mills for Veterans.

NOTE M: PROPERTY TAXES AND TAXES RECEIVABLE - CONTINUED

By resolution of the Board of Commissioners and agreement with various taxing authorities, the County purchased at face value the 2007 real property taxes receivable returned delinquent on March 1, 2008. Subsequent collections of delinquent taxes receivable, plus interest thereon and investment earnings, are used to repay the funds distributed by the Delinquent Tax Revolving Fund. This activity is accounted for in the Delinquent Tax Revolving (Enterprise) Fund.

NOTE N: FUND BALANCE RESERVES AND DESIGNATIONS

NOTE P: EXCESS OF EXPENDITURES OVER APPROPRIATIONS

In the budgetary comparison schedules shown as required supplementary information to the financial statements, the County's budgeted expenditures in the General and major Special Revenue Funds have been shown at the functional classification level. The approved budgets of the County have been adopted at the activity level for the General Fund and the fund level for the Special Revenue Funds.

During the year ended September 30, 2008, the County incurred expenditures in the General Fund and Special Revenue Funds in excess of the amounts appropriated as follows:

	<u>Amounts Appropriated</u>	<u>Amounts Expended</u>	<u>Variance</u>
General Fund			
Other financing uses			
Transfers out	\$ 1,172,034	\$ 1,176,998	\$ 4,964

Montcalm County, Michigan

NOTES TO FINANCIAL STATEMENTS

September 30, 2008

NOTE Q: CONTINGENT LIABILITIES

The County participates in a number of Federal and State assisted grant programs that are subject to compliance audits. The Single Audit of the Federal programs and the periodic program compliance audits of many of the State programs have not yet been conducted, completed, or resolved. Accordingly, the County's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

There are potential legal actions pending against the County. Due to the inconclusive nature of many of the actions, it is not possible for Corporation Counsel to determine the probable outcome or a reasonable estimate of the potential liability, if any. These actions, for which a reasonable estimate can be determined of the potential liability, if any, are considered by County management and legal counsel to be immaterial.

NOTE R: PRIOR PERIOD ADJUSTMENT AND RESTATED NET ASSETS

The following prior period adjustment was made during the year, which was the result of a correction of an accounting error. This adjustment was reported as a change to the beginning fund balance. The effect on operations and other affected balances for the current and prior year are as follows:

	September 30,		
	<u>2008</u>	<u>2007</u>	<u>Description</u>
PRIMARY GOVERNMENT			
Governmental Funds			
General Fund			
Taxes receivable	\$ -	\$(180,352)	To correct overstated
Revenues over (under) expenditures	-	(180,352)	taxes receivable
Fund balance - beginning	(180,352)	-	

The net assets of the governmental activities as of September 30, 2007 were decreased by \$180,352 from \$8,230,405 to \$8,050,053 as a result of the correction of this accounting error.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
of Montcalm County
Stanton, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, the aggregate discretely presented component units, and the aggregate remaining fund information of Montcalm County, Michigan as of and for the year ended September 30, 2008, and have issued our report thereon dated June 19, 2009. We did not audit the financial statements of the Montcalm County Road Commission (discretely presented component unit) which represents 72 percent and 52 percent of the assets and revenues, respectively, of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinions, insofar as they relate to the amounts included for the Montcalm County Road Commission, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Montcalm County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Montcalm County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Montcalm County's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Montcalm County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of Montcalm County's financial statements that is more than inconsequential will not be prevented or detected by Montcalm County's internal control over financial reporting. We consider the deficiencies described below to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We consider the significant deficiencies described below to be material weaknesses in internal control over financial reporting.

2008-1 RESTATEMENT OF NET ASSETS/PRIOR PERIOD ADJUSTMENT

Condition: During the course of our audit, it was noted that previously issued financial statements were materially misstated. A restatement of beginning net assets at the government-wide level and a prior period adjustment to correct the fund balance of the General Fund were recorded.

Criteria: These errors were not detected by the County's internal control over financial reporting in the prior year and as a result, there were material misstatements in the September 30, 2007 financial statements.

Effect: Since these errors were not detected by the County's internal control over financial reporting in the prior year, the County's internal controls did not effectively allow management to detect material misstatements in the County's financial statements in a timely manner.

Recommendation: We recommend that the County review procedures related to the review of financial reporting and take steps to ensure that similar issues do not occur in the future.

Corrective Action Response: The County feels this is a one time error due to the shifting in tax revenue collection that resulted in booking a higher tax receivable in previous year.

2008-2 BANK RECONCILIATIONS

Condition: The bank account for the General Fund and A/P checking were not reconciled properly. Large unidentifiable variances appeared on the two reconciliation reports for September 30, 2008. Because of these unidentifiable variances the bank reconciliations were not completed in a timely manner. Also, Treasury deposits from August 2008 did not match amounts recorded by the bank.

Criteria: The County must accurately reconcile bank accounts each month and identify variances if any and must ensure that County records match those of the bank.

Effect: The County has not maintained adequate internal controls over cash activities.

Recommendation: We recommend that bank reconciliations be periodically reviewed by management and tied to the computerized general ledger.

Corrective Action Response: The County is looking into reasons why these errors have occurred in order to correct and prevent them in the future.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Montcalm County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters required to be reported under *Government Auditing Standards*, which are described below.

2007-1 UNFAVORABLE BUDGET VARIANCES

Condition: As noted in the annual financial statements, some of the budgeted activities of the County exceeded the amounts appropriated. The variances noted were in the General Fund and four (4) Special Revenue Funds. A similar issue was noted and reported in our audit comments last year.

2007-1 UNFAVORABLE BUDGET VARIANCES - CONTINUED

Criteria: The Uniform Budgeting and Accounting Act (Public Act 621 of 1978) requires the County to amend the original adopted budget "as soon as it becomes apparent that a deviation from the original general appropriations act is necessary and the amount of the deviation can be determined." The Act also states that "an administrative officer of the local unit shall not incur expenditures against an appropriation account in excess of the amount appropriated by the legislative body." The County adopted the budget for the General Fund at the department level and the total expenditure level for the Special Revenue funds.

Effect: The County is not in compliance with Public Act 621 of 1978, as amended.

Recommendation: We recommend the County monitor expenditures against adopted budgets in all applicable funds and make appropriated budget adjustments as needed.

Corrective Action Response: Management of the County is currently reviewing and making modification to our procedures related to budgetary compliance in accordance with State law. This issue was noted and reported in our audit comments last year.

2007-2 UNCLAIMED PROPERTY

Condition: During our audit, it was noted that the County had outstanding checks listed on their bank reconciliations that were over three (3) years old. A similar issue was noted and reported in our audit comments last year.

Criteria: The Michigan Public Act 29 of 1995 provides that the County report and escheat unclaimed property to the State of Michigan in the year after they have been outstanding for more than one year.

Effect: The County is holding unclaimed property that should be escheated to the State of Michigan.

Recommendation: We recommend the County attempt to contact the payees in an effort to clear old outstanding checks. In the event that the rightful property owners cannot be located, we recommend the County review their unclaimed property and escheat funds to the State of Michigan as necessary.

Corrective Action Response: Management of the County is currently in the progress of remitting the escheats to the State of Michigan. This issue was noted and reported in our audit comments last year.

2007-3 DELINQUENT ANNUAL FINANCIAL REPORT

Condition: Annual audited financial statements are due to the State of Michigan six (6) months subsequent to the fiscal year end. For the year ended September 30, 2008, the audited financial statements is approximately three (3) months delinquent to the State of Michigan. A similar issue was noted and reported in our audit comments last year.

Criteria: Michigan Public Act 2 of 1968 requires that the annual financial report shall be filed within six (6) months after the end of the fiscal year of the local unit.

Effect: The County will be required to file the "long form" for any borrowing requiring State approval for the next fiscal year. Additional costs are associated with the filing the long form as opposed to filing the Qualifying Statement.

Recommendation: We recommend the County assure that the audit is completed six (6) months subsequent to the fiscal year end.

Corrective Action Response: Montcalm County will takes steps in the future to assure year-end financial information is received in a timely manner so the County's audited financial statements may be released prior to the State's deadline.

Montcalm County's responses to the findings identified in our audit are described above. We did not audit Montcalm County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management and the Board of Commissioners of Montcalm County, others within the County, the Federal awarding agencies and pass-through entities, and is not intended to be, and should not be, used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE
TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Commissioners
of Montcalm County
Stanton, Michigan

Compliance

We have audited the compliance of Montcalm County with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major Federal programs for the year ended September 30, 2008. Montcalm County's major Federal program is identified in the summary of auditor's results section of the accompanying schedule of findings. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major Federal programs is the responsibility of Montcalm County's management. Our responsibility is to express an opinion on Montcalm County's compliance based on our audit.

Montcalm County's basic financial statements include the operations of the Mid-Michigan District Health Department, which received \$2,211,249 in federal awards during the year ended September 30, 2008. Our audit described below did not include the operations of the Mid-Michigan District Health Department because the component units have engaged us or other auditors to perform separate audits in accordance with OMB Circular A-133.

Montcalm County's basic financial statements include the operations of the Montcalm County Road Commission, discretely presented component unit, which received \$570,538 in federal awards, which are not included in the Schedule of Expenditures of Federal Awards for the year ended September 30, 2008. The Montcalm County Road Commission did not have a single audit required because the Michigan Department of Transportation (MDOT) requires that road commissions report all Federal and State grants pertaining to their county. During the year ended September 30, 2008, the Federal aid received and expended by the Road Commission was \$570,538 for contracted projects and \$0 for negotiated projects. Contracted projects are defined as projects performed by private contractors paid for and administrated by MDOT. The contracted Federal projects are not subject to single audit requirements by the road commissions, as they are included in MDOT's single audit. Negotiated projects are defined as projects performed by Road Commission employees or private contractors paid for and administered by the Road Commission.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on major Federal programs occurred. An audit includes examining, on a test basis, evidence about Montcalm County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Montcalm County's compliance with those requirements.

In our opinion, Montcalm County complied, in all material respects, with the requirements referred to above that are applicable to each of its major Federal programs for the year ending September 30, 2008.

Internal Control Over Compliance

The management of Montcalm County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Montcalm County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Montcalm County's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregated discretely presented component units, each major fund, and the aggregate remaining fund information of Montcalm County as of and for the year ended September 30, 2008, and have issued our report thereon dated June 19, 2009. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise Montcalm County's basic financial statements. The accompanying schedule of expenditures of Federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of Commissioners and management of Montcalm County, others within the County, the pass-through grantors, and the Federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

September 30, 2008

NOTE A: BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards includes the Federal grant activity of Montcalm County, Michigan and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements, which are reconciled in Note C.

NOTE B: SUMMARY OF SIGNIFICANT EXPLANATIONS OF SCHEDULE

The following descriptions identified below as (a) - (b) represent explanations that cross reference to amounts on the Schedule of Expenditures of Federal Awards:

- (a) Reimbursement of these contracts is passed through the State Department of Human Services (DHS). The amounts reported on the Schedule of Expenditures of Federal Awards represent the Federal portion of the respective amounts based on 66% of Title IV-D eligible expenditures for the applicable grants. The entire amount paid by DHS for the reimbursed expenditures is considered Federal.
- (b) Denotes program tested as a "major program".

NOTE C: RECONCILIATION TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The following reconciles the federal revenues reported in the September 30, 2008, basic financial statements to the expenditures of the County administered Federal programs reported on the Schedule of Expenditures of Federal Awards:

	<u>Federal/State Revenue</u>	<u>Less: State Revenue</u>	<u>Adjustments</u>	<u>Federal Expenditures</u>

Following is a summary of the adjustment in the above schedule:

- (a) The adjustment related to amounts reported as an increase when received and a decrease when disbursed within the trust and agency fund's activity because the County acts in a trustee capacity of these funds and distributes them to the local units of government and therefore does not recognize the funds as revenue of expenditures, but recognizes the amounts as expenditures in the Schedule of Expenditures of Federal Awards as of September 30, 2008 in accordance with OMB Circular A-133.
- (b) The District Health Department Federal/State revenues are eliminated from the Schedule of Expenditures of Federal Awards at the County level, as they are a discretely presented component unit whose audit, issued under separate cover, was conducted separately under the Single Audit Act. Their Federal/State funds were audited under the Act at that level and were not considered in the process of performing the County's Single Audit. The separate audited financial statements and Single Audit are available at the District Health Department administrative offices.
- (c) The Road Commission Federal/State revenues are eliminated from the Schedule of Expenditures of Federal Awards at the County level, as they are a discretely presented component unit whose audit, issued under separate cover, was conducted separately under the Single Audit Act. Their Federal/State funds were audited under the Act at that level and were not considered in the process of performing the County's Single Audit. The separate audited financial statements are available at the Road Commission administrative offices.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Commissioners
of Montcalm County
Stanton, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Montcalm County, Michigan as of and for the year ended September 30, 2008, which collectively comprise Montcalm County's basic financial statements, and have issued our report thereon dated June 19, 2009. We did not audit the financial statements of the Montcalm County Road Commission (discretely presented component unit) which represents 72 percent and 52 percent of the assets and revenues, respectively, of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinions, insofar as they relate to the amounts included for the Montcalm County Road Commission, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Montcalm County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Montcalm County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Montcalm County's internal control over financial reporting.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects Montcalm County's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of Montcalm County's financial statements that is more than inconsequential will not be prevented or detected by Montcalm County's internal control. We consider the deficiencies described as Findings 2008-1 and 2008-2 in the accompanying schedule of findings and questioned costs to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the County's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that Findings 2008-1 and 2008-2 described in the schedule of findings and questioned costs to be material weaknesses in internal control over financial reporting.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Montcalm County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters required to be reported under *Government Auditing Standards*, which are described in the accompanying schedule of findings and questioned costs as Findings 2007-1, 2007-2, and 2007-3.

Montcalm County's responses to the findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. We did not audit Montcalm County's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management and the Board of Commissioners of Montcalm County, others within the County, the Federal awarding agencies, and pass-through grantors and is not intended to be and should not be used by anyone other than these specified parties.

Section II - Financial Statement Findings

2007-1 UNFAVORABLE BUDGET VARIANCES

Condition: As noted in the annual financial statements, some of the budgeted activities of the County exceeded the amounts appropriated. The variances noted were in the General Fund and four (4) Special Revenue Funds. A similar issue was noted and reported in our audit comments last year.

Criteria: The Uniform Budgeting and Accounting Act (Public Act 621 of 1978) requires the County to amend the original adopted budget "as soon as it becomes apparent that a deviation from the original general appropriations act is necessary and the amount of the deviation can be determined." The Act also states that "an administrative officer of the local unit shall not incur expenditures against an appropriation account in excess of the amount appropriated by the legislative body." The County adopted the budget for the General Fund at the department level and the total expenditure level for the Special Revenue funds.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED

Year Ended September 30, 2008

Section II - Financial Statement Findings - Continued

2007-1 UNFAVORABLE BUDGET VARIANCES - CONTINUED

Effect: The County is not in compliance with Public Act 621 of 1978, as amended.

Recommendation: We recommend the County monitor expenditures against adopted budgets in all applicable funds and make appropriated budget adjustments as needed.

Corrective Action Response: Management of the County is currently reviewing and making modification to our procedures related to budgetary compliance in accordance with State law. This issue was noted and reported in our audit comments last year.

2007-2 UNCLAIMED PROPERTY

Condition: During our audit, it was noted that the County had outstanding checks listed on their bank reconciliations that were over three (3) years old. A similar issue was noted and reported in our audit comments last year.

Criteria: The Michigan Public Act 29 of 1995 provides that the County report and escheat unclaimed property to the State of Michigan in the year after they have been outstanding for more than one year.

Effect: The County is holding unclaimed property that should be escheated to the State of Michigan.

Recommendation: We recommend the County attempt to contact the payees in an effort to clear old outstanding checks. In the event that the rightful property owners cannot be located, we recommend the County review their unclaimed property and escheat funds to the State of Michigan as necessary.

Corrective Action Response: Management of the County is currently in the progress of remitting the escheats to the State of Michigan. This issue was noted and reported in our audit comments last year.

2007-3 DELINQUENT ANNUAL FINANCIAL REPORT

Condition: Annual audited financial statements are due to the State of Michigan six (6) months subsequent to the fiscal year end. For the year ended September 30, 2008, the audited financial statements is approximately three (3) months delinquent to the State of Michigan. A similar issue was noted and reported in our audit comments last year.

Criteria: Michigan Public Act 2 of 1968 requires that the annual financial report shall be filed within six (6) months after the end of the fiscal year of the local unit.

Effect: The County will be required to file the "long form" for any borrowing requiring State approval for the next fiscal year. Additional costs are associated with the filing the long form as opposed to filing the Qualifying Statement.

Recommendation: We recommend the County assure that the audit is completed six (6) months subsequent to the fiscal year end.

Corrective Action Response: Montcalm County will takes steps in the future to assure year-end financial information is received in a timely manner so the County's audited financial statements may be released prior to the State's deadline.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS - CONTINUED

Year Ended September 30, 2008

Section II - Financial Statement Findings - Continued

2008-1 RESTATEMENT OF NET ASSETS/PRIOR PERIOD ADJUSTMENT

Condition: During the course of our audit, it was noted that previously issued financial statements were materially misstated. A restatement of beginning net assets at the government-wide level and a prior period adjustment to correct the fund balance of the General Fund were recorded.

Criteria: These errors were not detected by the County's internal control over financial reporting in the prior year and as a result, there were material misstatements in the September 30, 2007 financial statements.

Effect: Since these errors were not detected by the County's internal control over financial reporting in the prior year, the County's internal controls did not effectively allow management to detect material misstatements in the County's financial statements in a timely manner.

Recommendation: We recommend that the County review procedures related to the review of financial reporting and take steps to ensure that similar issues do not occur in the future.

Corrective Action Response: The County feels this is a one time error due to the shifting in tax revenue collection that resulted in booking a higher tax receivable in previous year.

2008-2 BANK RECONCILIATIONS

Condition: The bank account for the General Fund and A/P checking were not reconciled properly. Large unidentifiable variances appeared on the two reconciliation reports for September 30, 2008. Because of these unidentifiable variances the bank reconciliations were not completed in a timely manner. Also, Treasury deposits from August 2008 did not match amounts recorded by the bank.

Criteria: The County must accurately reconcile bank accounts each month and identify variances if any and must ensure that County records match those of the bank.

Effect: The County has not maintained adequate internal controls over cash activities.

Recommendation: We recommend that bank reconciliations be periodically reviewed by management and tied to the computerized general ledger.

Corrective Action Response: The County is looking into reasons why these errors have occurred in order to correct and prevent them in the future.
