

**RAINBOW & MIDDLE LAKES
LAKE IMPROVEMENT BOARD
HEARING OF PRACTICABILITY & REVIEW OF APPORTIONMENTS
July 22, 2023**

A special meeting of the Rainbow & Middle Lakes, Lake Improvement Board was held in the Pine Township Hall, 7900 West Second St., Stanton, Michigan on the 22nd day of July 2023, at 10:00 a.m.

The hearing of practicability was called to order by Chairman Smith at 10:00 a.m.

PRESENT: Doug Smith – Chairperson
 Todd Sattler – Secretary/Drain Commissioner
 Don Cichon – Pine Township Representative
 Bill Cretens – Abutting Property Owner’s Representative

ABSENT: Pat Carr – Board of Commissioner’s Representative

ALSO

PRESENT: Mark Harrison – Clearwater Lake Management
 Anne Gaylord & Sara McGill – MCDC
 See attached for resident attendance

Chairman Smith introduces the lake board members and Mark.

A motion was made by Bill and seconded by Todd to accept the minutes of the June 27, 2023; meeting as presented. Motion carried.

Todd explained the procedures of the Hearing of Practicability and the Review of Apportionments and the necessity of both hearings.

Presentation

Todd and Doug explain the purpose of the Lake Improvement Board and the procedures of the Public Hearing. They explained the two halves of the hearing and the two resolutions that will be presented. Todd provided a treasurer’s report to the Board.

Mark spoke to the Board and the public and explained the types of weeds he treats and the types of chemicals that are used. He provided a treatment date of 8/1 for Rainbow Lake and 8/2 for Middle Lake. He provided a budget of \$41,500.00 to the Board and advised that the increase is due to inflation of chemical prices.

The chairman opened the meeting up to the public for questions and comments.

Charlotte Klutting – Asked about the water quality testing that is done in the lakes.

Mark Harrison – The Board only tests for E.Coli and they need to find levels that are over 400 to be concerns and noted that Middle Lake probably tested higher because it is a small, hotter, more stagnate lake.

Charlotte Klutting asked about raking out the Chara and asked Mark to add a note to rake Middle Lake, if possible.

Todd Sattler – Suggested that the association send out notice or post it on social media that the residents should rake the Chara if they want it gone as Mark does not have an efficient way to treat it.

Charlotte Klutting – Added that residents are having trouble navigating because it is too thick.

Mark Harrison – Noted that the lake level has dropped, so it looks like the Chara is out of control, but it really just due to the low level. He also added that using the lake will also help to break up the Chara. He warned that they need to be careful not to rake the invasive species because that will promote growth.

Robert VanMannen – Asked why Rainbow Lake was treated the Thursday before Memorial Day as it made it so people could not use the lake on Friday.

Mark Harrison – Advised that the 24-hour use restriction is not for health reasons but liked with the effectiveness of the treatment. He also noted that it was a cooler spring, so he couldn't get out into the lake any earlier. He did say he will try to treat earlier in the future to avoid any interruptions during holiday weekends.

Shelley Grube – Middle Lake looks the best it has in 5-6 years and asked about lily pad treatments.

Mark Harrison – In the past, they've come out in September for lily pad treatments. He asked that residents mark their property with a milk jug if they would like their lily pads cleared for navigation. It would also be helpful to let Gabriel Jones know.

Dennis Normington – Lives on Rainbow Lake and noted that he has seen water level extremes in both directions. Lily pads in his area are really bad and asked about chemicals that can be used privately.

Mark Harrison – Asked that he mark his property with a milk jug to indicate that he wants treatment. Mark said there is a chemical available at Tractor Supply that they can purchase and spray, but they need to obtain a permit from EGLE.

Dennis Normington – Asked where he can get information to treat the Chara on his own.

Mark Harrison – Suggested that he Google a weed roller. That is not a service that he offers.

Dennis Normington – Asked if there are restrictions on using a weed razor in his area.

Mark Harrison – It would be beneficial, but he can't guarantee where the sediment would end up. He added that movement in the lake is the most beneficial things for weeds and muck.

There being no further questions or comments from the public, the Hearing of Practicability was closed by Chairperson Smith

The Resolution to Proceed with Improvements was offered for approval to the Lake Board.

**RESOLUTION TO PROCEED WITH
IMPROVEMENTS TO RAINBOW AND MIDDLE LAKES**

At a special meeting of the Rainbow and Middle Lakes, Lake Improvement Board held in the Pine Township Hall, 7900 West Second St., Stanton, Michigan, on the 22nd day of July 2023, at 10:00 a.m.

PRESENT: Todd Sattler, Don Cichon, Doug Smith, Bill Cretens

ABSENT: Pat Carr

The following resolution was offered by member Sattler and seconded by member Cichon.

WHEREAS a public hearing was held on the lake improvement program for Rainbow and Middle Lakes; and

WHEREAS, it is the desire of the Rainbow and Middle Lakes, Lake Improvement Board to proceed with implementation of improvements to the lake as described in the attached Exhibit A.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. The Lake Board hereby determines that the proposed improvements are practical, and it confirms its intent to proceed with the improvements.
2. The Lake Board hereby approves the lake improvement plan and the estimate of costs for the improvements as shown on the attached Exhibit A.
3. This resolution shall be published in a newspaper of general circulation in Montcalm County. The petition shall not, thereafter, be subject to attack except in an action brought in a court of competent jurisdiction within 30 days after publication.

ADOPTED: AYES: 4
 NAYS: 0

RESOLUTION DECLARED ADOPTED.

STATE OF MICHIGAN }
 } ss
COUNTY OF MONTCALM }

I, Todd Sattler, Secretary/Treasurer of said Rainbow and Middle Lakes, Lake Improvement Board, do hereby certify that this is a true and correct copy of a resolution adopted by the Lake Board at a meeting held on the 22nd day of July 2023. Public notice of said meeting was given pursuant to and in compliance with Act 267, Public Acts of Michigan, 1976, as amended.

IN WITNESS WHEREOF, I have hereunto set my hand, this 22nd day of July 2023.

Todd Sattler, Secretary/Treasurer
Rainbow and Middle Lakes, Lake Improvement Board

RAINBOW & MIDDLE LAKES, LAKE IMPROVEMENT

WEED CONTROL PROGRAM 2024 - 2028

ASSESSMENT ROLL 2023 – 2027

EXHIBIT A

IMPROVEMENT

◆ Aquatic Herbicide Treatments	\$ 32,800.00
◆ Permit Fee	1,200.00
◆ Annual Monitoring/Lake Consultant	4,500.00
◆ Administration/Contingency	<u>3,000.00</u>
Yearly Program Budget	\$41,500.00

The Special Assessment District for Rainbow and Middle Lakes includes all properties which border the lake and back lots which have deeded or dedicated lake access. Special assessments for the project are to be apportioned in the following manner:

BENEFIT FACTORS

LOCATION

Lakefront parcels	1.00
Back lots separated from the lake by a roadway or a parcel of land	.50

The hearing for the review of apportionments was called to order by Chairman Smith at 10:39 a.m.

Presentation of Special Assessment Roll

Todd presented the tax roll and explained the benefit factor used to determine the amount to assess each parcel.

Todd asked if the provided budget of \$38,500.00 would be enough considering Mark's proposed budget of \$41,325.00 and suggested an additional 10% increase to bring the total yearly budget up to \$41,500.00. With the additional increase, a lakefront parcel would go from an assessment of \$187.80 to \$202.44 and a backlot parcel would go from \$93.90 to \$101.22. Don and Bill both agreed with the additional increase. Todd noted that they can increase the maximum budget to \$41,500.00 and still only assess the originally discussed \$38,500.00 for the first year.

A motion was made by Todd and seconded by Bill to increase the yearly budget to \$41,500.00. Motion carried.

Chairman Smith opened the hearing up for questions and comments from the public.

Charlotte Klutting – Asked if the assessor does the whole combination process.

Todd Sattler – Yes and he believes that it is relatively inexpensive.

Bill Cretens – Added that he had recently combined lots and it cost him about \$50.00 per parcel.

Mason Selesky – Asked if the assessment is based on frontage.

Todd Sattler – No, the assessment is based solely on the legal rights of the property to the lake.

There being no further questions or comments from the public on the Review of Apportionments, the hearing was closed by Chairman Smith.

The Resolution Confirming the Special Assessment Roll was offered for approval by the Lake Board.

**RESOLUTION CONFIRMING SPECIAL ASSESSMENT ROLL
AND DIRECTING THE COLLECTION OF SPECIAL ASSESSMENTS
FOR IMPROVEMENTS TO RAINBOW AND MIDDLE LAKES**

At a special meeting of the Rainbow and Middle Lakes, Lake Improvement Board held in the Pine Township Hall, 7900 West Second St., Stanton, Michigan, on the 22nd day of July 2023, at 10:00 a.m.

PRESENT: Todd Sattler, Don Cichon, Doug Smith, Bill Cretens

ABSENT: Pat Carr

The following resolution was offered by member Sattler and seconded by member Cichon.

WHEREAS, the Lake Board, after due and legal notice, has reviewed the Special Assessment Roll prepared for the purpose of assessing the cost of certain lake improvements to Rainbow and Middle Lakes against benefitting properties; and

WHEREAS, the Lake Board has adopted the benefit factor formula as described in the attached Exhibit A.

WHEREAS, the Lake Board deems said Special Assessment Roll to be fair and equitable.

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. The Special Assessment Roll shall be designated as Rainbow and Middle Lakes Special Assessment Roll. (2023 - 2027)
2. Said Special Assessment Roll in the amount of \$207,500.00 is hereby confirmed.
3. The assessments in said Special Assessment Roll shall be payable in 5 annual installments with the first installment of \$41,500.00 to be due on December 1, 2023, and payable without penalty through February 14, 2024. Subsequent installments of \$41,500.00 shall be due on or before the 1st day of the December of each year thereafter and are payable without penalty through the 14th day of the February of each year thereafter.
4. The assessments made in said Special Assessment Roll are hereby ordered and directed to be collected, and the Township Clerk of Pine Township shall deliver said Special Assessment Roll to the Township Treasurer, with his/her warrant attached, commanding the treasurer to collect the assessments therein in accordance with the directions of the Lake Board, and the treasurer is directed to collect the amounts assessed as the same become due.

**NOTICE OF CONFIRMATION
OF SPECIAL ASSESSMENT ROLL
FOR IMPROVEMENTS TO RAINBOW AND MIDDLE LAKES**

TAKE NOTICE that the Rainbow and Middle Lakes, Lake Improvement Board has confirmed the Special Assessment Roll for improvements to Rainbow and Middle Lakes. The Special Assessment Roll in the amount of \$207,500.00 has been prepared for the purpose of assessing the cost of aquatic plant control, administration, and contingencies over a 5-year (2023-2027) period. Said Special Assessment Roll and all assessments thereon are final and conclusive unless attacked in a court of competent jurisdiction within 30 days of this notice.

Rainbow and Middle Lakes, Lake Improvement Board
Montcalm County, Michigan

There being no further business to come before the Lake Board, a motion was made by Bill and seconded by Todd to adjourn the meeting at 11:13 a.m.

Todd Sattler, Secretary/Treasurer

I hereby certify that the foregoing is a true and complete copy of the minutes of a meeting of the Rainbow & Middle Lakes, Lake Improvement Board, Montcalm County, Michigan held on July 22, 2023, and that said minutes are on file in the office on the Montcalm County Drain Commissioner and are available to the public.

I further certify that notice of the meeting was posted at least 18 hours before the meeting at the Office of the Montcalm County Drain Commissioner, which is the principal office of the Rainbow & Middle Lakes, Lake Improvement Board and on the county website at mi-montcalmcounty.civicplus.com.

Todd Sattler
Montcalm County Drain Commissioner

CLEAR WATER LAKE MANAGEMENT, INC. of P.O. Box 842, Rockford, Michigan 49341 and Rainbow/Middle Lake Board of Montcalm County, Michigan agree:

Clear Water Lake Management will provide a professional aquatic program for the control of weeds and/or algae in **Rainbow/Middle Lake**. The program will consist of the following:

Management program for 2024:

Products to be used include restrictive herbicides such as Diquat, Aquathol K, Hydrothol 191, 2,4-D, Clipper, Triclopyr and Glyphosate, as well as nonrestrictive products such as Copper Sulfate, Cutrine Plus, Cutrine Ultra, EarthTec, Greenclean, Pond Dye, Muck Pellets, among other products approved by the MDEQ. Algae treatments should occur monthly to prevent existing growth and prevent re-growth. Surrounding conditions (i.e. sunlight, temperature, nutrient concentration, etc...) may require additional treatments.

Cost per Acre:

Navigate: Granular systemic 2,4-D herbicide to control Eurasian Watermilfoil	\$ 575.00
Triclopyr: Liquid systemic herbicide to control EWM	\$ 395.00
Diquat: Liquid herbicide to control EWM, Curlyleaf, and Pondweeds	\$ 220.00
Aquathol K-Hydrothol 191: Liquid herbicide to control Pondweeds	\$ 205.00
Algaecides: Granular products to control Chara	\$ 65.00
Algaecides: Granular and liquid products to control algae	\$ 50.00
ProcellaCOR	\$ 110.00/PDU
Water Quality Program (optional):	\$ 50.00/sample
Lily Pad Control	\$ 75.00 /lot

Description and Optional Services:

Weed Treatment: Milfoil, Curly-leaf, Coon-tail, Chara, and various pondweed treatments applying restrictive products such as granular Navigate (2,4-D), Aquathol K, Hydrothol 191, Reward, Renovate, Komeen, Glyphosate, and Cygnet Plus.

Algae treatment: Non-water restrictive algaecides such as Copper Sulfate, Curtain-Plus, Cutrine-Ultra, Chelated Copper, Earthtech, Greenclean, and shade as a tracer. Treatments should occur monthly to prevent existing growth and prevent re-growth. Surrounding conditions (i.e. sunlight, temperature, nutrient concentration, etc...) may require additional treatments.

Muck/Enzyme Treatment: Designed to decrease levels of organic sediment in lakes and ponds while reducing odors and improving water clarity. The pellets sink quickly, targeting 'muck' on the bottom. Muck Busster does not contain pathogenic bacteria and it is fish and wildlife friendly. Contains 3 billion CFU/gram (Colony-forming units).

Water Quality Program: Water quality program consists of lake samples taken and sent to an independent laboratory (Prein & Newhof). The samples can be tested for a variety of things including; fecal bacteria (E. coli), dissolved oxygen, conductivity, total dissolved solids, pH and alkalinity. Primarily E. coli is the focus.

- Specific treatment dates will be set by Clear Water Lake Management, in cooperation with Rainbow/Middle Lake Board Rep.
- Please be aware Clear Water Lake Management can only treat weeds and algae present at the time of treatment. We have no control over future weed or algae growth based on the current chemicals registered for aquatic use in Michigan.
- Unless otherwise stated in the program, all other aquatic pest control will require a separate program (i.e. cattails, duckweed, largeleaf pondweed, lily pads, purple loosestrife, watermeal, etc...)

Posting & Notifications of Treatment Areas:

Clear Water Lake Management will obtain the DEQ permit and post restriction signs as required. It is your association's/group's responsibility to notify each resident within one hundred (100) feet of the treatment area at least seven (7) days in advance of the first treatment that chemicals will be applied. This notification requirement must be provided to every property owner who has consented to have their property treated. Lake boards and townships who assess the lake property owners are exempt from individual consent documentation. The property owner is responsible for removing any restriction signs ten (10) days after the conclusion of water use restrictions.

Insurance & Liability:

Clear Water Lake Management is responsible for carrying liability insurance and workman's comp for duration of the contract. Clear Water Lake Management is not responsible for fish loss due to low oxygen levels caused by warm water conditions. Certificates of insurance will be provided upon request.

Permits:

Clear Water Lake Management is responsible for completing and submitting the ANC Permit applications to the MDEQ, if necessary. Please make the check payable to the "State of Michigan" and mail to our office with your signed contract. Please notify our office of any inlets or outlets or if the waterbody is being used for irrigation, swimming, bathing and/or livestock watering.

Invoicing & Payments:

Clear Water Lake Management will submit an invoice following treatment. Payment in full is due within ten (10) days of each application. Any amount remaining unpaid when due shall accrue a penalty of 1.5% per month.

Contract Period:

As an incentive to establish a multiple year agreement we will treat your lake or pond at the same price structure as 2024 for 2025! The remaining year (2026-28) will subject to cost increases of three percent per year or less. If total chemical costs exceeds 10% from the previous year a new agreement will have to be mutually acceptable. If during the life of the contract the DNR or other regulatory agencies significantly change the approved treatment procedures or the client finds the manner in which the work is performed less than satisfactory, either party may terminate this agreement upon giving ninety (90) days advance written notice thereof.

All materials utilized by Clear Water Lake Management shall be of the highest quality and are registered with the U.S. Environmental Protection Agency and the Michigan Department of Agriculture.

Management Program for Rainbow/Middle Lake

The main focus of the lake management program in Rainbow and Middle Lake is to control the spread of invasive/exotic plants (Eurasian Watermilfoil, Curly Leaf Pondweed), while keeping other aquatic vegetation from reaching nuisance levels. The treatment area will vary from year to year depending on weather conditions. Clear Water Lake Management, Inc. will work in coordination with the lake board and report all necessary information back to them in a timely manner.

2023 Unit Costs:

Rainbow Lake DEQ Permit Fee	\$875.00
Middle Lake DEQ Permit Fee	\$450.00
Weed Treatments: 2-3 Treatments per year	
Diquat- Contact Herbicide to control EWM & Various Pondweeds	\$220.00/acre
Aquathol K- Contact Herbicide to control Pondweeds	\$205.00/acre
Algaecides- Control of Algae	\$50.00/acre
Algaecides- Control of Chara	\$65.00/acre
Navigate 2,4-D- Systemic herbicide to control Eurasian Watermilfoil	\$575.00/acre
Triclopyr- Liquid systemic herbicide to control EWM	\$395.00/acre
ProcellaCOR	\$110.00/PDU
Lily Pad Control	\$75.00/lot

Estimated Annual Budget (2019-2023):

DEQ Permits:	\$1,325.00
Nuisance Aquatic Plant Control:	\$33,000.00
Consulting Fee (Mapping, Water sampling, etc.):	\$4,500.00
Administration and Contingency (postage, mailings, copies, etc.):	\$2,500.00
Total:	\$41,325.00

Optional Services

Muck Treatment using MuckAway:

MuckAway is designed to decrease levels of organic sediment in lakes and ponds while reducing odors and improving water clarity. The pellets sink quickly, targeting 'muck' on the bottom. MuckAway does not contain pathogenic bacteria and it is fish and wildlife friendly. Contains 3 billion CFU/gram (Colony-forming units)

Zero Gravity Aerial Mapping (Best Mapping Option):

Aerial survey for aquatic vegetation to map out native and non-native aquatic plants. Complete macrophyte study available.

Water Quality Program: Water quality program consists of lake samples taken and sent to an independent laboratory (Prein & Newhof). The samples can be tested for a variety of things including: fecal bacteria (E. coli), dissolved oxygen, conductivity, total dissolved solids, pH and alkalinity. Primarily E. coli is the focus.
